You're invited!

Travel for Credit Parent and Student Information Session

Course Names: Grade 11 English in London (ENG 3U1)

Civics and Careers in Ottawa, Montreal & New York (CHV/GLC)

Today, there's an overwhelming demand for global competency that requires every student to study abroad, regardless of their career goals. Kawartha Pine Ridge District School Board is working with EF to create a Travel for Credit program in your district to encourage more students to travel abroad to earn academic credit.

Hear from an EF expert and learn more about the program, the benefits of travelling abroad, and the importance of global citizenship education in Canada. Join in on the discussion! Together, we can give students a totally new way of approaching education.
