1. OBJECTIVE

This administrative regulation is written in accordance with the guiding principles in Board Policy ES-1.1, Safe and Caring Schools.

The Board supports the use of suspension as outlined in Part XIII of the Education Act where a student has engaged in one or more of the infractions outlined below at school, on a school-related activity or event, on school transportation, and/or in circumstances where the infraction has an impact on the school climate. Administrative Regulation ES-1.1.1, Discipline/Promoting Positive Student Behaviour/Code of Conduct, outlines the conditions for creating and maintaining positive school climates, sets clear standards of behaviour, and specifies a range of interventions and consequences for unacceptable behaviour. 3. APPLICATION

This administrative regulation applies to all Board employees who work with or support students, trustees, students and parents/guardians.

4. RESPONSIBILITY

Responsibility for this administrative regulation is as outlined in the Board Policy ES-1.1, Safe and Caring Schools.

5. PROCEDURE**5.1 Suspending a Student**

- 5.1.1 The expectations of this administrative regulation apply to all students, and it is applicable on all Board property, on buses, during all Board

sanctioned activities, while at school or engaged in a school-related activity, or in other circumstances (e.g., online) where engaging in the activity has had a negative impact on the school climate.

- 5.1.2 A student may be suspended only once for an infraction related to a specific incident. The minimum length of a suspension is one school day and the maximum duration is twenty school days. For any suspension from six to nine days, inclusive, the principal must consult with their family of schools superintendent. For any suspension ten days or greater, the principal must consult with their family of schools superintendent first and following that, the Safe and Caring Schools department. If a student self-identifies as Indigenous, or is a member of a racialized, and/or marginalized community, the principal shall also consult with the Indigenous Education department and/or the Equity, Diversity, and Inclusion department, as appropriate.

5.2 Responding to Incidents

- 5.2.1 The Board is committed to supporting safe learning and teaching environments in which every student can reach their full potential. Appropriate action must consistently be taken by schools to address behaviours that are contrary to provincial and Board Code of Conduct, which includes, but is not limited to:
- 5.2.1.1 inappropriate sexual behaviour, gender-based violence, homophobia, and harassment on the basis of sex, gender identity, sexual orientation, race, colour, ethnicity, culture, citizenship, ancestry, origin, religion, creed, family status, socio-economic status, disability and/or any other immutable characteristic or ground protected by the Human Rights Code;
 - 5.2.1.2 any other behaviour, such as bullying (including cyberbullying), harassment, swearing, malicious gossip, name-calling, sexist, homophobic or racial slurs, comments, jokes or teasing and defamatory or discriminatory electronic communication and postings, graffiti; and
 - 5.2.1.3 any other behaviour that might result in a negative school climate.
- 5.2.2 Board employees must respond to any student behaviour that may have a negative impact on the school climate, if in the employee's opinion, it is safe to do so. Such behaviour includes all inappropriate and disrespectful behaviour (e.g., swearing, homophobic or racial slurs, sexist comments or jokes, graffiti), as well as those incidents that must be considered for suspension or expulsion. While it is not necessary to report incidents to

the principals that fall below the threshold for suspension or expulsion, clear, transparent and ongoing communication is always encouraged between Board employees and school administration.

- 5.2.3 For incidents where suspension or expulsion would not be considered, but the Board employees feel it is not safe to respond, they will be expected to inform the principal verbally as soon as possible, and in writing using the Serious Student Incident Report form, and/or the Workplace Violence Report, if appropriate.
- 5.2.4 It is the expectation of the Board that, provided that there is no imminent risk to any individual, Board employees shall respond to any behaviour that they have observed or heard during the course of their duties or otherwise while on school property or during a school-related event that causes a negative impact on school climate, or for which a suspension or expulsion may be imposed. A Board employee should not leave unattended another student(s) in order to respond.
- 5.2.5 Responses are trauma-informed and culturally sensitive and shall be made in a timely, supportive and caring manner and in an effort to stop and correct the behaviour. Responses are also developmentally appropriate and take into consideration diverse abilities that the student might exhibit or about which the employee might be aware. Responses may include one or more of:
 - 5.2.5.1 asking the student to stop the behaviour,
 - 5.2.5.2 identifying the behaviour as inappropriate and disrespectful,
 - 5.2.5.3 explaining the impact of the behaviour on others and the school climate,
 - 5.2.5.4 modelling appropriate communication,
 - 5.2.5.5 asking the student for a correction of their behaviour by restating or rephrasing their comments,
 - 5.2.5.6 asking the student to apologize for their behaviour,
 - 5.2.5.7 asking the student to promise not to repeat their behaviour,
 - 5.2.5.8 asking the student to explain why and how a different choice with respect to their behaviour would have been more appropriate and respectful,

- 5.2.5.9 asking the student to make a different choice and repair the harm, and
 - 5.2.5.10 where applicable, identifying the area of the Human Rights Code that has been violated (e.g., discrimination or harassment based on any of the Code's protected grounds – see Board Policy B-3.3, Human Rights: Code-Based Discrimination and Harassment).
- 5.2.6 A response by the staff to the incident shall not prevent or preclude the principal or vice-principal from applying appropriate progressive discipline, up to and including a recommendation for expulsion from all schools. Unless the behaviour is such that it must be considered for suspension or expulsion, a response is sufficient – it is not required that these incidents be reported to the principal. For incidents where suspension or expulsion would not be considered, but the Board employees feel it is not safe to respond, they will be expected to inform the principal verbally as soon as possible, and in writing, if applicable.
- 5.2.7 Where, in the opinion of the Board employee who works with students, the behaviour observed or heard might lead to suspension or suspension and a recommendation for expulsion, the employee must report the behaviour verbally to the principal or designate at the earliest opportunity and again in writing before the end of the school day. The employee shall follow the procedures outlined for reporting incidents when reporting in writing.

5.3. Reporting Incidents to Principal

- 5.3.1 All Board employees, third party providers, or transportation providers who become aware that a student of a school of the Board may have engaged in an activity for which the student must be considered for suspension or expulsion shall report the matter to the principal in accordance with Board procedures at the earliest, safe opportunity and no later than the end of the school day, or end of a transportation run.
- 5.3.2 When reporting, Board employees and service providers must:
- 5.3.2.1 consider the safety of others and the urgency of the situation and report the incident no later than the end of the school day, or end of a transportation run,
 - 5.3.2.2 submit a written report in accordance with Board procedures when it is safe to do so.

5.3.2.3 After investigating a matter reported, the principal shall communicate the results of the investigation to:

5.3.2.3.1 if the matter was reported by a teacher, that teacher, or

5.3.2.3.2 if the matter was reported by an employee who is not a teacher, that employee unless, in the principal’s opinion, it would not be appropriate to do so.

5.3.3 A principal shall consider whether to suspend a student if they believe that the student has engaged in any of the following activities while at school, at a school-related activity, on school transportation, or in other circumstances where engaging in the activity will have an impact on the school climate:

5.3.3.1 uttering a threat to inflict serious bodily harm on another person;

5.3.3.2 possessing alcohol, illegal drugs or, unless the student is a medical cannabis user, cannabis;

5.3.3.5 committing an act of vandalism that causes extensive damage to school property at the student’s school or to property located on the premises of the student’s school.

5.3.3.6 Bullying

5.3.3.6.1 Bullying means aggressive and typically repeated behaviour by an individual where:

5.3.3.6.1.1 the behaviour is intended by the student to have the effect of, or the student ought to know that the behaviour would be likely to have the effect of:

- causing harm, fear or distress to another individual, including physical, psychological, social or academic harm, harm to the

individual's reputation or harm to the individual's property; or

- creating a negative environment at a school for another individual.

- 5.3.3.6.1.2 the behaviour occurs in a context where there is a real or perceived power imbalance between the student and the intended target based on factors such as size, strength, age, intelligence, peer group power, economic status, social status, religion, ethnic origin, sexual orientation, family circumstances, gender, gender identity, gender expression, race, disability or the receipt of special education.

For the purposes of the definition of bullying above, behaviour includes the use of any physical, verbal, electronic, written or other means.

5.3.3.6.2 Cyber-bullying

For the purposes of the definition of bullying above, bullying includes bullying by electronic means (commonly known as cyber-bullying), including but not limited to:

- 5.3.3.6.2.1 creating any type of media or post in which the creator assumes the identity of another person,
- 5.3.3.6.2.2 impersonating another person as the author of content or messages posted on the Internet, and
- 5.3.3.6.2.3 communicating inappropriate material electronically to one or more than one individual or posting inappropriate material on a website that may be accessed by one or more individuals.

Ontario Regulation 440/20, which came into effect in 2020, eliminates discretionary suspensions for students in Junior Kindergarten to Grade 3. Incidents of bullying involving students from Junior Kindergarten to

Grade 3 should be addressed with the appropriate positive behaviour supports and proactive interventions in the school setting.

And any other activity for which a student may be suspended under a policy of the Board being the following activities:

- 5.3.3.7 persistent opposition to authority,
- 5.3.3.8 habitual neglect of duty,

- 5.3.3.13 inappropriate physical contact,
- 5.3.3.14 failing to complete medical immunization as required by the Public Health Department,
- 5.3.3.15 a breach of the Board or School Code of Conduct.

5.4. Delegation of Authority

- 5.4.1 The principal's authority under Part XIII of the Education Act may be delegated, in writing, to a teacher in absence of the principal and vice-principal.
 - 5.4.1.1 The teacher may be delegated to initially deal with situations involving activities that occur and must be considered for a suspension or expulsion. The safety of those involved is the primary consideration.
 - 5.4.1.2 The teacher shall report the details of the initial investigation to the principal as soon as possible.
 - 5.4.1.3 The teacher does not make decisions about suspensions and/or expulsions.
 - 5.4.1.4 The teacher may be delegated only limited authority to contact the parent(s)/guardian(s) of the victim if it is safe to do so to advise on the nature of the incident. The teacher will not discuss

the nature of the disciplinary action but will refer the parent(s)/guardian(s) to the principal or vice-principal.

5.5 Mitigating and Other Factors

5.5.1 When considering whether to suspend and the duration of the suspension, the following mitigating factors must be taken into account.

The principal shall consider whether:

5.5.1.1 The student does not have the ability to control their behaviour.

5.5.1.2 The student does not have the ability to understand the foreseeable consequences of their behaviour.

5.5.1.3 The student's continuing presence in the school does or does not create an unacceptable risk to the safety of any other individual at the school.

5.5.2 In addition, when considering whether to suspend and the duration of the suspension, the following other factors shall be taken into account if they would mitigate the seriousness of the activity for which the student may be or is being suspended:

5.5.2.2 whether a progressive discipline approach has been used with the student;

5.5.2.3 if the activity for which the student may be or is being suspended was related to any harassment of the student because of their race, ethnic origin, religion, disability, gender or sexual orientation or to any other harassment;

5.5.2.4 if the suspension would affect the student's ongoing education;

5.5.2.5 the age and stage of the student;

5.5.2.6 in the case of a student for whom an Individual Education Plan (IEP) has been developed:

5.5.2.6.1 whether the behaviour was a manifestation of an an exceptionality identified in the student's IEP,

5.5.2.6.2 whether appropriate individualized accommodation has been provided, and

5.5.2.6.3 whether the suspension is likely to result in an aggravation or worsening of the student's behaviour or conduct.

5.5.3 The student who is suspended shall not attend classes, school-related activities, or attend on Board property, unless specifically authorized by the principal.

5.6 Suspension Notice

5.6.1 Upon suspension, the student and the student's parent(s)/guardian(s) (if the student is under 18 years of age), unless the student is 16 or 17 years old and has withdrawn from parental control, must be advised of the suspension and of the right to appeal the suspension.

5.10.5 The Chairperson of the Suspension Committee may report to the in-camera session of the Board, where appropriate.

5.11 Notification of Parents(s) or Guardian(s) of Person(s) Harmed

5.11.1 If the principal of a school believes that a student of the school has been harmed as a result of an activity described above, the principal shall, as soon as reasonably possible, notify the parent(s)/guardian(s) of the student who the principal believes has been harmed. The principal shall contact the parent(s)/guardian(s) (if the student is under 18 years of age), unless the student is 16 or 17 years old and has withdrawn from parental control.

5.12 Not Notifying Parent(s) or Guardian(s) of Person(s) Harmed

5.12.1 Where, in the opinion of principal/vice-principal/teacher-in-charge, providing information to the victim's parent(s)/guardian(s) would put the victim at risk of harm, such that notification would not be in the victim's best interests, or where the victim is an adult student and does NOT consent to his/her parent(s)/guardian(s) being informed, the principal/vice-principal/teacher-in-charge shall not inform the victim's parent(s)/guardian(s). A teacher-in-charge shall report to the administration at the earliest opportunity the reason(s) why notification was not provided to the parent(s)/guardian(s). The principal or vice-principal shall:

5.12.1.1 consider, as a result of the victim's disclosure, whether or not the victim is a child in need of protection and, if so, make a report to the Children's Aid Society (CAS), and if in doubt, the principal or vice-principal shall make a no-names, consultation call to CAS to inquire about the appropriateness of making a report;

5.12.1.2 document in the Student Information System why the parent(s)/guardian(s) was/were not notified;

- 5.12.1.3 inform the family of schools superintendent that the parent(s)/guardian(s) was/were not informed and why;
- 5.12.1.4 inform the teacher or other professional or para-professional staff person, if that individual informed the principal or vice-principal of the potential for harm, that the parent(s)/guardian(s) was/were not informed and why; and
- 5.12.1.5 inform other staff working to support the student, as appropriate.
- 5.12.2 The principal or vice-principal shall inform the victim of the steps being taken by the school to protect the victim's safety. These measures might include creating a plan to keep the victim safe, either verbally or in writing, and the implementation of prevention strategies identified in this procedure. Where the victim has been harassed, bullied or suffered violence as a result of one or more immutable characteristics, including any grounds protected by the Human Rights Code, or has been sexually assaulted, the principal or vice-principal shall provide the victim with contact information about professional supports, such as counselling provided by a Board mental health clinician or community agency, public health facilities and telecommunications forums, such as a help-phone-line or website, that the victim may access for information, assistance and support. Supports might include, but are not limited to, Kids Help Phone and the Lesbian, Gay, Bisexual and Transgendered Youth Line ([LGBT Youth Line](#)). A written list of community contacts shall be provided to the victim. Where the victim requires equity-centered and culturally responsive interventions, supports can be offered through the Equity, Diversity, and Inclusion Department. If the student identifies as First Nation, Metis, or Inuit, supports can be offered through the Indigenous Education Department. Where possible, all supports shall be shared with the victim in a form most accessible to them.
